

## EDUCATION & TRAINING

Our **Private Education & Training programmes** are being developed for release in early 2026.

We already have **headline topics** available, so if you'd like to learn more or express your interest, please get in touch via our **Contact Us** section of our website.

### WHAT MAKES US DIFFERENT?

- **You decide the content** – each course is built around what *you* want to learn.
- **Small group sizes** – never more than **8 learners** per group, ensuring personal attention.
- **Flexible learning** – we'll arrange course days and time to suit the group's schedule.
- **Affordable and transparent pricing** – courses start at **£150 per day**, and will never exceed **£200 per day** (both including VAT).
- **Expert educators** – your course will be led by a recognised specialist, and you'll receive their professional bio before your training begins.

### COURSE TOPICS

We want every course to reflect *your* needs and goals. Alongside the essential information for each topic, your training will be tailored to the specific skills and techniques you've requested.

At the end of each session, we'll also discuss possible **'next steps'** training to help you continue progressing.

The Collective is designed **for hairdressers and barbers, by hairdressers and barbers** — it's about giving back to the industry, not taking from it.
