

# COLOUR SERVICES

---

## BALAYAGE

*For a soft, sun-kissed finish, balayage offers a natural, low-maintenance colour using a combination of freehand/ woven techniques. Perfect for adding light to the mid-lengths, ends, or face-framing strands.*

## FULL-HEAD HIGHLIGHTS

*Create rich, multi-tonal dimension with full-head highlights from roots to ends. Choose a subtle, classic effect or go bold with contrast.*

## HALF-HEAD HIGHLIGHTS

*Add brightness and contrast to the crown, top, and sides. Half-head highlights offer dynamic colour and extra depth without full head coverage.*

## T-SECTION HIGHLIGHTS

*Touch up your roots and brighten your hairline with this targeted highlight option—ideal between full/ half head services.*

## FULL-HEAD PERMANENT COLOUR

*Transform your look with an all-over permanent colour—lighten, darken, or add shine. Suitable for every hair type.*

## REGROWTH PERMANENT COLOUR

*Refresh your roots with a seamless, permanent shade match. The perfect upkeep service between other services.*

## GLOSSING

*Enhance shine, blend and clean greys, or deepen your tone with a subtle gloss. This low-commitment colour fades gradually for easy maintenance.*

## TONER

*Revive your blonde tones and neutralise brassiness with a shine-boosting toner—ideal after highlights or balayage. Often paired with other colour services.*

## PRE-LIGHTEN & TONE

*Go platinum or achieve a bright blonde with this two-step process. Includes toner for the perfect shade and finish.*
